IFIP Wireless and Mobile Networking Conference

The 10th IFIP Wireless and Mobile Networking Conference will be held in Valencia, Spain from September XX to September XX, 2016.

WMNC 2017 combines PWC (Personal Wireless Communications conference), MWCN (Mobile and Wireless Communication Networks conference) and WSAN (Wireless Sensors and Actor Networks conference) into one event. Accepted and presented papers will be published in the conference proceedings and will be indexed in IEEE Xplore. Authors of papers of special merit will be invited to send their extended versions to a Special Issue organized for this purpose in International Journals indexed in ISI Thomson and Scopus databases.
