

The 8th IEEE International Conference on Mobile Ad-hoc and Sensor Systems IEEE MASS 2011: October 17-22, 2011, Valencia, Spain

#### Call for Workshops

IEEE MASS 2011 will be the height annual conference on the rapidly expanding area of multi-hop wireless computing and sensor networking, and will provide an exciting platform for discussing research vision of a digitally networked wireless environment.

The MASS Organizing Committee invites proposals for one-day workshops affiliated with the conference. The workshops will be held prior to, or after, the main conference. The purpose of these workshops is to provide a platform for presenting novel ideas and more specific research areas in a less formal and possibly more focused way than at the conference itself.

Please visit: <https://mass2010.soe.ucsc.edu/node/4> to view information on workshops held last year at MASS 2010.

Workshops Proposals are solicited in all areas and topics pertaining to ad-hoc wireless and sensor networking research and applications. All papers included in the MASS 2011 workshops will appear in the MASS 2011 Proceedings published by IEEE. We expect all selected workshops to adhere to a common paper submission and reviewing schedule outlined below:

- Workshop proposals deadline: March 30, 2011
- Proposals notification: April 10, 2011
- Manuscripts due (updated): July 16, 2011
- Acceptance notification (updated): August 10, 2011
- Camera-ready submission (updated): August 26, 2011

#### Proposal Submission Guidelines

Each workshop proposal must include:

- The name of the workshop
- The names, addresses, and a short bio (up to 200 words) of the organizers (maximum up to three)
- A brief description (up to 1 page) of the technical issues that the workshop will address, and the reasons why the workshop is of interest this time
- The names of potential participants, such as program committee members
- Planned format of the workshop, such as number of refereed papers, keynotes, panels etc.
- If appropriate, a description of past versions of the workshop, including: number of submitted and accepted papers, number of attendees
- A description of the publicity plan
- A call for papers
- The workshop website address

Workshop proposals should be submitted, no later than March 30, 2011 by e-mail (in PDF format) with "MASS 2011 Workshop Proposal" in the subject, to BOTH MASS 2011 Workshop Co-chairs:

Symeon Papavassiliou, National Technical University of Athens, Greece,
